

WINERY BARONE A PRATO

The independent winery Barone a Prato has been cultivating and producing Pinot Nero Castelsegonzano and Cabernet dello Scalco since 1885 in Piazza of Segonzano, in the heart of the Val di Cembra, Dolomiti. Today, as then, we work every day to refine the winemaking process. In doing so, we preserve the centuries-old tradition with passion. In this way, only the best of nature, enriched by great human skill, ends up in the bottle.

WINE TASTING

Cabernet dello Scalco

The wine is ruby red with shades of violet. Scent of hay, raspberry and tobacco. The flavor is full, pleasantly herbaceous, with memories of licorice, structured and alcohol. It is a full-bodied, round and harmonious wine. It is a "male" wine by definition.

Pinot Nero Castelsegonzano

The wine has a ruby red colour with orange reflections if it is mellow. The smell is definite and fruity, in it we identify the brushwood fruits as raspberry and blackberry and ripe fruits as cherry and plum with sensations of tobacco and coffee. Fresh taste, savoury, dry and pleasantly bitterish. This wine is full body, elegant, delicate, well-balanced and very stimulating.

Gewürztraminer 559 Lu Lu

The wine is an intense straw Yellow with golden reflections. Scent of Wild Rose, Jasmine and tropical Fruits, Sage. Fresh wine full-bodied and velvety, very heady and, despite its low acidity, very long-lived

Chardonnay SOL

The wine has a straw-yellow colour. The sweet smell is strong, fruited and remembers "Golden-variety" apples.
